Correction to: Influences of service characteristics and older people's attributes on outcomes from direct payments

Vanessa Davey^{1,2}

Correction to: *BMC Geriatr* 21, 1 (2021)
<https://doi.org/10.1186/s12877-020-01943-8>

Following publication of the original article [1], the author notified about the errors in article text body. The correct sentences should be as follows:

Older people living alone reported outcome gains 22% lower than older people living with others (Table 4). Taking into account current hourly home care costs, (£16.04, 20) this equates to roughly 16.5 h of state funded social care per week in 2018–2019, versus 17 h a week for the sample based on average unit home care costs in 2006 (£11, 40).
